

Proposed Select Tryout/Registration Process for 2011/12

1. Tryouts

- a. Photos will be taken and signatures will be obtained from every player at tryout registration. Players will hold their numbers up at chest level for photos so that there is no confusion about whose photo is whose. Signatures will be obtained using return address labels; tryout numbers will be written beside the names so that the signatures can be verified as belonging to the correct players.
- b. Players who are new to GSC should bring their birth certificates to tryouts for verification. Numbers will be forwarded to the Select Registrar.
- c. Informational handouts will be given to parents at the tryout, explaining the registration process.

2. Team Formation

- a. Coaches will offer positions to players and obtain verbal/written acceptances in accordance with WYSA regulations.
- b. Coaches will inform families that acceptance is not final until online registration and payment have been received. Only online payment will be accepted. Any requests for soccerships must be made at this time.
- c. Coaches will give tentative rosters to the Select Registrar within 24 hours of offers.
- d. Select Registrar will verify that all players have registered within the specified amount of time (3 days?, 5 days?).
- e. Unregistered players will be contacted by the coach. Offer to play may be rescinded if player does not register within the specified amount of time.

3. Player Passes

- a. Once registration and payment have been verified for all players on the team, teams can be formed in League One. Rosters and photos can then be printed and passes will be made.
